# CANYONS VILLAGE

### CANYONS VILLAGE MANAGEMENT ASSOCIATION (CVMA) SPECIAL EVENT APPLICATION FORM

#### Process Overview

This application will help communicate the necessary information to help determine whether we can assist in hosting, planning or producing your event. If approved, you will also be required to submit permitting applications with Summit County (<https://www.summitcounty.org/840/Special-Event-Permit-Application>).

Only when an event producer has received permits and approvals from the appropriate entities (Park City Mountain, CVMA, and Summit County), will the event be considered approved. Site fees will be assessed for hosting your event at Canyons Village and may vary with the size and scope of the event.

#### Submission Deadlines

All winter event proposals are due each year by **July 15**. Summer event proposals are due by **February 15**. These deadlines apply only to CVMA and Canyons Village events. Summit County deadlines may vary and should be determined by contacting them directly.

#### **PLEASE FILL OUT ALL SECTIONS BELOW:**

Please note that failure to fill out any section of this application could result in delayed processing or denial of your event. Once completed, please save a copy for your records.

Completed applications must be sent to [wryan@cvma.com](mailto:wryan@cvma.com).

- Yes
- No

**If yes, is a multi-year agreement desired?**

- Yes
- No

**Will any portion of your proposed event take place outside of the Canyons Village area(i.e. in town, at other venues)?**

- Yes
- No

**If yes, please describe:**

### **Food and Beverage Service**

Park City Mountain's Hospitality department owns first right of refusal to provide catering and/or any food service requests at all events taking place at the resort, including on the mountain and at any venues. No outside food or beverage\* services, catering or other F&B options (including sponsored items or sampling) are to be committed to without their expressed written approval. It is up to their sole discretion on whether they approve an outside vendor or sponsor to provide any food or beverage services, sampling or catering. Care should be taken to reduce waste impacts from F&B including minimizing individually wrapped items, encouraging reusable bottle use, and using compostable/recyclable materials.

**Please describe the type of Food and Beverage service and/or catering proposed:**

**\*Service of alcohol may be subject to additional fees and permits with state or county agencies**

### **Sustainability and Waste**

CVMA and Park City Mountain gives special consideration to sustainable events. Careful attention to energy use, waste creation, and any potential negative environmental impacts is expected. It is the responsibility of the event planner to ensure that there are a sufficient number of waste receptacles located throughout the event grounds and that they are emptied during the event in order to prevent overflow. If the waste generated by the event may exceed the capacity of the onsite dumpsters, it is the planner's responsibility to discuss removal options ahead of time.

This may require additional dumpsters to be secured by the event proposer and the mountain. The applicant is responsible for the cleaning of event areas and returning them to their pre-event state.

## CVMA SPECIAL EVENTS

---

A thorough waste reduction and management program is a crucial part of an event. Overflowing receptacles are unhealthy and unsightly and could leave a lasting impression on event attendees. Recycling is a baseline and is required at all events at the resort.

Consider additional restroom facilities and may be required as part of the permit process. Existing restroom facilities may not be adequate for the event. Port-a-potty vendors can predict needs based on expected attendance figures.

**Please describe your sustainability, environmental impact, waste reduction and management plan:**

### **Power and Electrical Services/Support**

Available existing electrical service at the mountain will vary depending on location and event needs. It is the responsibility of the applicant to ensure that there is adequate electrical capacity to host the event and to obtain additional electrical supply if needed. Producers should plan to minimize additional electrical demand and practice smart power management to avoid wasting electricity. Any damage to existing electrical services due to overload will be the responsibility of the applicant. When applicable, any associated costs for power and electrical usage will be the sole responsibility of the event proposer.

**What sort of power supply will you need? How many generators, light towers, plug-ins, etc.?**

### **Structures**

Temporary tents and structures must follow all permitting, structural and weighted requirements by Summit County, and must be applied for ahead of time. Temporary structures are an important consideration.

**Are any temporary structures required, such as award platforms or stages, athlete tents, scaffolding for TV/media or viewing stands?**

- Yes
- No

**Do you intend to have temporary structures?**

- Yes
- No

***If yes, please describe:***

### Security

If you anticipate spectators, you will need your event to be in compliance with local safety, traffic and alcohol laws, and the number of security personnel needs to be discussed in advance, for the safety both of event attendees, as well as other guests at the resort.

**What type of security will be necessary for your event?**

### Parking

Canyons Village offers a variety of parking options, and this component must be discussed with the resort and CVMA teams well in advance. Any base area parking is based solely on the approval of Park City Mountain's Parking Team.

**What type of parking needs do you anticipate? Please include number of vehicles, locations of parking areas preferred, and plan for traffic control.**

### Site Map

To properly assess the proposed event, a site map should be submitted along with the event application. Conducting any event outside of the ski resort boundary lines will be subject solely to the property owner. Please note that most events take place within the ski resort boundary.

To access a Canyons Village Map, click [here](#).

After reviewing the map, please indicate and diagram the following:

- Areas of the Village you intend to use
- Any requested closures
- The location and dimensions of all physical equipment being placed
- Location of temporary alcohol sales where both sales and consumption occur, plus dimensions and type of fencing to be used.
- Any other details you think are helpful in the physical description of your event

### Insurance Requirements

All events, regardless of size or scope, will be required to hold current Certificates of Insurance that list Canyons Village Management Association (Canyons Village events only) and Park City Mountain as Additional Insured. CVMA will determine the specific insurance thresholds based upon the type and size of the event, as well as the risk exposure.

Certificates naming each entity will be required for commercial general liability insurance, commercial automobile insurance and worker's compensation insurance policies. Proof of insurance must be submitted to the Event Manager no less than 30 days prior to the first day of intended use.\*

The certificate will be reviewed and additional coverage or wording may be required by the CVMA and/or the Vail Resorts' Legal department to ensure proper coverage of a specific event. All certificates must clearly state that there are "no participant, spectator, model or athlete exclusions" as well as that the policy is primary and non-contributory.

**\*Events are subject to cancellation should the organizer not be able to provide insurance documentation in the timeframe outlined here.**

## ADDITIONAL ITEMS FOR THE APPLICANT TO CONSIDER

### **Signage**

In regards as well as in-town promotion, CVMA abides by Summit County rules and regulations. Any and all signage, promotional posters, and banners must be discussed in advance with CVMA to ensure compliance.

### **Special Event Permits**

The CVMA and Resort maintain a close relationship with Summit County, and on some occasions, a special event permit or business license may be required to host an event. Event applicants are directly responsible for these fees, unless otherwise specified in the eventual event contract with CVMA.

### **Noise/Sound**

If an event is scheduled to have a band or amplified music, the applicant will ensure compliance with all noise ordinances established by Summit County and Canyons Village.

### **Contracts**

Once applications are received and evaluated by the CVMA Special Events Committee, and if approved, proposed events will move to contract-ready status. Every event held in Canyons Village must hold an executed event agreement, to be supplied and drafted by the CVMA. Please consider the required time for drafting and negotiation of contracted event elements in your application proposal and timeline.

### **Use of the CVMA or Park City Mountain | Canyons Village Logos**

Use of the CVMA or Park City Mountain | Canyons Village logo on any type of marketing collateral requires the express consent of the resort, and stipulations would be included in the event contract. Approval of event applications should not be considered partnership or endorsement of your event by the Resort and the CVMA.

### **Security/Damage Deposits**

A security or damage deposit may be required for larger events. The deposit will be refunded upon verification by staff that the area has been returned to a condition similar to prior use. In the event of damages, the applicant will be responsible for all costs associated with damages to park facilities, equipment, furnishings, grounds and rights-of-way, including but not limited to labor, materials and equipment required to complete repairs.

### **Site Fees**

Site fees will be required for events in Canyons Village. Fees for usage of the Village may vary depending on the date and time of the event, staff involvement, resort resources, and other considerations. Applicants may request that the site fee is waived if the event is deemed beneficial to Canyons Village, as determined solely by the CVMA. These requests will be considered on a case-by-case basis.

### **Event Cancellation or Postponement**

Policies for event cancellation or postponement vary and will be outlined in the event agreement. Alternate/backup plans as well as postponement dates will always be considered in advance when holding an outdoor event in Canyons Village, as the high-mountain environment can provide variable weather conditions year-round.

## CVMA SPECIAL EVENTS

---

### **Non-Profit Organizations**

Any organization actively registered as a non-profit entity may be entitled to a discount on potential site fees. A copy of the IRS non-profit letter of determination must be submitted along with the Special Events Application for consideration. The applicant's name and address must match the name and address on the IRS non-profit letter of determination.

### **Application Process**

Upon receipt of your completed application, a CVMA representative will be in contact with you. They may have additional follow-up questions or request additional details. After this discussion is complete, the application will go through an approval process, in which it will be evaluated whether the event is a good fit for our Village and follows in line with the CVMA and Resort philosophies and standards. Please save a copy of your application and send your completed application to Whitney W. Ryan, [wryan@cvma.com](mailto:wryan@cvma.com).

### **Cost Estimates/Fees**

After applications are discussed, a cost estimate will be prepared. Upon the applicant's agreement to pay all associated event costs, the event coordination and permit process will begin.

Thank you for your interest in holding a special event in Canyons Village. We look forward to reviewing your application.

- The CVMA Team
